

Whether you want to take time out and sip on a rich, molten hot chocolate or grab a short black and some lunch with friends, you'll find it all at Theobroma. Theobroma offers a selection of indulgent chocolates and cakes, a variety of breakfast dishes, and a range of all-day options, including wraps, sandwiches and hot food items, complimented with a wide variety of indulgent beverages.

Theobroma hot chocolates are simply exquisite served in our famous Mug 'n' Warmer, where a flame keeps your chocolate hot until the last drop. They are available in dark, white or milk chocolate and assorted flavours.

We use the highest-quality seven-bean blend roasted exclusively in Melbourne to make a perfect signature blend, prepared with skill,

precision and devotion. We also serve boutique teas and, of course, delicious babycinos for the kids.

If a hot chocolate or cappuccino doesn't take your fancy then a selection of tempting drinks might. Theobroma offers a menu of refined drinks made from the finest ingredients. Chocolate frappes, iced chocolates and iced mochas are just some of the flavours mixed with milk, ice, cream and real chocolate pieces to tempt your taste buds.

At Theobroma you'll also discover the true essence of handmade chocolates, which lies in their master recipes, using couverture chocolate for their extensive range. Theobroma is the place where chocolate devotees can create their own carefully selected assortments of traditional and artisan chocolates.

If you enjoy your coffee or chocolate and want to create that Theobroma taste at home, our lounges sell take-home packs of both indulgent chocolate buds and coffee beans as well as delectable retail chocolate and gift packs.

The first Theobroma store was opened in Melbourne, Australia in December 2006. We now operate across Australia (in Vic, WA, NSW and Qld), New Zealand (North and South Islands), the United Kingdom (Birmingham) with sites confirmed to open in Saudi Arabia (Riyadh) later this year.
